Instructions for Applicants:

1. **Eligibility Criteria:** Candidates must ensure they meet the eligibility conditions specified in the Official Brochure available on the official portal.
2. **Registration Process:**
   - Register using a valid mobile number and email ID.
   - Fill in all personal, academic, and communication details carefully.
   - Upload scanned copies of photograph, signature, and required academic/category certificates in the prescribed format and size.
   - Pay the registration fee through the integrated payment gateway.
   - After successful submission, download and retain the Confirmation Page for future reference.
3. **Document Uploads:** Only clear, valid, and original documents will be accepted. Any discrepancies or forged entries will lead to cancellation of candidature.
4. **Correction Window:** A correction window will be provided after registration closes. Candidates must verify all details before final submission.
5. **Rejection of Applications:** Applications without complete information, mandatory uploads, or payment confirmation will be automatically rejected.

Note to Candidates:

- All official updates, announcements, and instructions will be published exclusively on the BPCIL official website.
- Candidates are advised to regularly visit the portal and check their registered email and mobile numbers for notifications.
- No individual communication will be made regarding incomplete applications or missing documents.

For comprehensive information regarding eligibility, syllabus, examination guidelines, and important dates, candidates must refer to the Information Bulletin 2025 available in the Downloads section.
